Dear friends/ colleagues,

We are pleased to announce that we are organising the **10th Anniversary International Conference of Geriatric Orthopaedic Society of India GOSICON 2022**, to be held in the scenic state of Goa.

Geriatric problems are on the rise because of the increasing Geriatric population. In India From 2011 to 2021, the general population has increased by 12.4 %, while the elderly population has risen by 35.8 %. Current Decade it is projected to grow by 40.5%. A special outlook on this population is a must, as problems are multifactorial. Multiple comorbidities, mental, emotional and psychological ailments and dependency on younger folks have resulted in these problems not being addressed in an optimal way. This conference is a unique opportunity to discuss these aspects.

The presidential theme for this year's conference is **'Living with Dignity'**. Let us all meet to give smiles to our aged humankind. We promise to give you a great academic and social experience and improve your skill and knowledge in the geriatric domain.

Hope to see you all this November at Cidade de Goa selections by Taj Goa and make this conference a grand success.
